

GAIL LAWTHER'S GLIMPSES OF NEW ZEALAND

*35 gorgeous quilts inspired by
The Land of the Long White Cloud*
... plus patterns, techniques, tips,
and dozens of beautiful photos

New Zealand is a land of spectacular natural beauty. It's home to all kinds of extraordinary birds and plants, and also to people from all corners of the world, who have all added their own cultural richness and diversity.

My husband Chris and I have visited New Zealand twice (so far!), and have fallen in love with it – but in such a short space of time we can't truly say that we know it. It's been more like glimpses through a half-open door – and that's the inspiration behind this series of quilts: each one is a peek into some aspect of the country's life, culture, history, landscape, fauna or flora.

In this irresistible new book, all 35 of my *Glimpses of New Zealand* quilts are shown alongside the stories of their inspiration, plus details of the quilting methods used to create them. And throughout, we've scattered loads of our favourite photographs from the land of the kiwi.

If you've visited New Zealand, this book will help you relive your travels. If you've never been there, *Glimpses of New Zealand* will transport you to its shores (like the children in *Prince Caspian*, which was filmed there!), and you'll understand why so many people fall in love with the country that the Maori call Aotearoa – The Land of the Long White Cloud.

And if you know someone who lives in New Zealand – why not buy a copy for them?

As well as the quilts and their stories, you'll find lots more besides within the pages of the book. We've included patterns and instructions for half the quilts, so you can create your own versions if you feel inspired, and also added lots of extra tips on different quilting and embellishing methods. Whether your taste is for the traditional or the contemporary, you'll find all kinds of goodies inside *Glimpses of New Zealand*.

The book has 96 pages and costs £12, including p&p, for UK buyers.**
